Dear Parents/Carers

Following a large number of staff self-isolating due to recent Government guidelines we have no alternative but to close the whole school until the end of Easter in the first instance. We urge you to develop plans for your children to be at home, indoors and safe during this period. We have prepared work packs for your children to complete in order for them not to lose ground academically, these will be sent to you, and we encourage you to contact the teachers for all school subjects using their professional emails listed below in order to submit completed work and obtain new work:

We understand this will create hardship for many of our families especially as this closure has come into effect with little advance notice, however, we would stress that this decision has been made in line with Government advice with the best interests of the health of our pupils, staff and community.
