

Summerfield Education Centre and the Gatsby Benchmarks

In 2014, The Gatsby Charitable Foundation provided schools with a clear blueprint of what good careers provision in schools looks like. The eight Gatsby Benchmarks are based on best national and international research and define all elements of an excellent careers programme.

As a school, we have completed the Compass Evaluation, which reflects on our practice compared to these benchmarks, and we are using the results to improve our excellent provision even further. Below is the most recent evaluation (July 2020) of the provision we offer at Summerfield Education Centre compared to other schools nationally.
